

Y3 LINCOLNSHIRE SHOW

KLT WIN FIRST PRIZE IN THEIR SECTION AT LINCOLNSHIRE SHOW SCHOOLS CHALLENGE

This year for our Lincolnshire Show School challenge, we choose City Farmers- transforming Urban Spaces. Kingfisher class (year3) researched, planned, designed and created a miniature garden demonstrating urban farming methods.

The children sowed seeds, nurtured plants, painted containers and plant pots to use in the garden. Pennells Garden Centre donated £100 for additional resources and plants for the garden which Mrs Grant and Mrs Hall, with the help of a few children, chose from the Quarrington site.

Mr and Mrs Annall and Mrs Feary helped create the garden and bring it to life at school and on the Lincolnshire Show site. Many children in the school helped the project by planting, designing and making the stand display. Credit was given to utilising the limited space (raised bed 1.8 m x 1.2m approx.) and we made various planters to show how anyone can have a garden and grow vegetables, herbs and flowers.

We demonstrated how you could have a solar panel to create energy to run a pump to irrigate the plants all year especially in hot weather by drip feeding and using rainwater harvested into water containers. The children had a journal, powerpoint display and boards showing all their hard work and activities. They showed the difference between soil grown school strawberries and hydroponically grown ones and shared when with the guests that visited the stand. They also had a community swap shop offering plants and dried lavender sachets for people to take. All the gardens designed by the children were on display for the judges to see and appreciate.

HRH Princess Anne passed the stand on Wednesday during her visit to the 140th Lincolnshire Show. It was a truly an amazing few days and the children all enjoyed themselves and obviously left an incredible impression on the judges to receive 1St prize over the other entries including Secondary schools.
