CLASSES

Robins – This week, the Robins have been challenging themselves to write ambitious sentences about sea creatures. We have been learning about the different creatures that live in rockpools and talked about ways to keep our beaches clean. In maths, we have been exploring doubles using dominoes. Our highlight this week has been taking part in our first sports day!

Goldfinches - The highlight of the week has of course been Sports Day, however, in the lead up to Sports Day the children wrote and edited a character description of an animal that works at Hotel Flamingo. We had shark security, giraffe chefs, penguin waitresses and many more creative jobs. In addition to this, they were 'doctors' in English and were finding problems with their own sentences and fixing them. In Maths we continued with money and completed our end of unit check of . In Topic, we learned about different types of castles, and their features and had a go at making our own castles.

Kingfishers - Wow Kingfishers, you have ALL shone this week with your hard work, determination, perseverance and passion that you have showed at Lincolnshire show and leading up to it! We wowed the judges at the show with our fabulous presentation and amazing knowledge that we have been learning throughout this term to really showcase all that we know! Well done Year 3, Mrs Feary, Mr Annall for all of your hard work, as it paid off and we couldn't be happier to be receiving 1st Place (for the first time)! Not only did we win, but the children had such an amazing time at the Lincolnshire show, representing the school in such a wonderful way and enjoying all that we found, saw and was invited to look at whilst there!

Woodpeckers - This week has been filled with lots and lots of exciting work, especially our writing. We have this week written a setting description about the witch's garden from the book Rumaysa. The children have written in some fantastic detail and have put their wonderful imaginations to great use. Reading them you can picture yourself being surrounded by all types of exotic plants as well as some rather bizarre fruits and animals. But every child's highlight this week has been sports day and with fantastic weather I'm sure it will have been most parents highlight too.

Golden Eagles -Golden Eagles class have had a fantastic week! We have planned, drafted, edited and published our newspaper reports based on the book 'clockwork'- they are super! In maths we continue to complete problem solving activities based around holiday destination and travel costings. In science we have completed an experiment with thermometers, testing temperature of water and plotting results onto a graph. In PSHE this week we looked at the importance of money and discussed ways in which people make money. The children have really enjoyed guided reading this week and showcased their excellent inference skills to answer a series of questions. We have been practising for sports day this week and also participated in the 'always active' challenge as it is National Sports Week! We have also continued to practise for our production which we cannot wait to share with our parents and carers!
