

SWIMMING

Swimming has been such a splash-tastic adventure for all our children from EYFS right up to Year 6!

With the pool set up right on our playground, there's been a real buzz around school as the children head out for their sessions each day. They're growing in confidence, learning new strokes, and having so much fun in the water. From floating and kicking to games and teamwork, the smiles and laughter say it all. It's been amazing to watch their progress – and the best part is, we've still got 3 weeks to go!
